Knowledge Base Adaptation for Task Oriented Dialog

Thesis submitted by

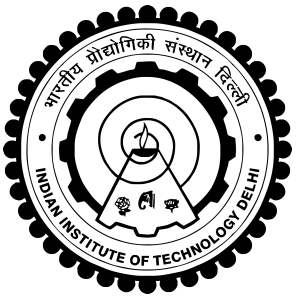
Nikhil Gupta
2014CS50462

under the guidance of

Prof. Mausam

in partial fulfilment of the requirements
for the award of the degree of

Bachelor and Master of Technology



Department Of Computer Science and Engineering
INDIAN INSTITUTE OF TECHNOLOGY DELHI

June 2019

THESIS CERTIFICATE

This is to certify that the thesis titled **Knowledge Base Adaptation for Task Oriented Dialog**, submitted by **Nikhil Gupta**, to the Indian Institute of Technology, Delhi, for the award of the degree of **Bachelor and Master of Technology**, is a bona fide record of the research work done by him under our supervision. The contents of this thesis, in full or in parts, have not been submitted to any other Institute or University for the award of any degree or diploma.

Mausam
Professor
Dept. of Computer Science
IIT-Delhi, 600 036

Place: New Delhi

Date: 28th June 2019

ACKNOWLEDGEMENTS

I would like to extend thanks to Microsoft for graciously providing me a VM to work on. I would thank my advisor Mausam for his constant support and insights on this project. I would like to thank Dinesh for his suport and effort and guiding me along the way for this journey.

Thanks to all those who made TEX and LATEX what it is today.

ABSTRACT

KEYWORDS: LaTeX; Thesis; Style files; Format.

A LaTeX class along with a simple template thesis are provided here. These can be used to easily write a thesis suitable for submission at IIT-Delhi. The class provides options to format PhD, MS, M.Tech. and B.Tech. thesis. It also allows one to write a synopsis using the same class file. Also provided is a BIBTeX style file that formats all bibliography entries as per the IITD format.

The formatting is as (as far as the author is aware) per the current institute guidelines.
